

Beebe Healthcare Laboratory offers a comprehensive range of clinical and pathology services, with more than 100 dedicated team members including board-certified pathologists. The laboratory processes over 1.2 million tests annually and is committed to the highest level of customer service for providers and patients.

Accredited by the College of American Pathologists (CAP), American Association of Blood Banks (AABB) and Clinical Laboratory Improvement Amendments (CLIA), the laboratory uses state-of-the-art instruments and methodologies to provide the most accurate and reliable results available. In addition to the main laboratory located at the medical center in Lewes, the laboratory offers seven, full-service Outpatient Lab Express sites conveniently located throughout Sussex County.

Steven Gleason, Laboratory Director

Steven Gleason oversees the operation for all Beebe Healthcare Laboratory locations. Prior to coming to Beebe in 2019, Steven directed the laboratory at Robert Wood Johnson University Hospital Hamilton Campus. His background is in medical laboratory science, laboratory management, information technology and system administration. Steven received Bachelor of Science Degrees in Biology and Medical Technology from the University of the Sciences in Philadelphia as well as a Master's Degree in Business Administration with a Healthcare concentration from the University of Scranton.

Caroline Harrison, Laboratory Manager, Clinical and Anatomic Services

Caroline Harrison manages clinical and anatomical services at Beebe Healthcare Laboratory. She is an American Society for Clinical Pathology Certified Laboratory Scientist, with more than 30 years in the field of laboratory medicine. Caroline held numerous leadership positions prior to joining Beebe in 2019. She served as Clinical Laboratory Operations Administrator and Integrated Hematology/Urinalysis/Oncology Manager at MedStar Good Samaritan and Union Memorial Hospitals in Baltimore, Maryland. In her role at Beebe, she is responsible for the daily operations of both the clinical and anatomic pathology laboratories, overseeing a staff of 40.

Kathleen (Kathy) Ohrt, Laboratory Manager, Outpatient Services

Kathy Ohrt manages Beebe Healthcare Laboratory Outpatient Services throughout Sussex County. This includes the operation and training of the 30-plus phlebotomy team and staff. Kathy first joined Beebe Healthcare in 1997 as Microbiology Technical Specialist and again in 2009 as Laboratory Computer Analyst. In addition, she held roles as Marketing Manager with Siemens Healthcare and as Medical Technologist at Johns Hopkins Hospital. She holds a Bachelor of Science Degree in Medical Technology from the University of Maryland School of Medicine and a Master's Degree in Business Administration and Marketing from the University of Phoenix.

Theresa Sponaugle, Laboratory Manager, Support Services

Theresa Sponaugle manages a wide-range of Beebe Healthcare Laboratory support services including specimen processing, courier services, reference laboratory oversight, client services and point-of-care-testing. Theresa has been a Beebe employee for over 40 years. Previously held positions at Beebe include lead medical technology roles in nearly every facet of laboratory operations. She also served as an Employment Manager in Beebe's Human Resources Department. Theresa earned a Bachelor of Science Degree in Biology and Chemistry from Chatham University and a Master's Degree in Business Administration from Wilmington College.

To view our Laboratory Collection Manual for Providers go to beebemedicalcenter.testcatalog.org

The online manual provides general information and resources for the collection and transport of specimens. It includes a full test menu for both Beebe performed tests and our reference lab, Mayo Medical Laboratories. Use the link above to browse tests by name or search for further test information.
